MORE ARRESTS EXPECTED IN ORPET POISON MYSTERY

More arrests in the Orpet case were promised by State's Att'y Ralph Dady today. He says that others knew of the mysterious visits of young Wm. H. Orpet to Lake Forest to meet pretty Marian Lambert, now in a grave as a result of the school-girl romance and tragedy.

Orpet denied his guilt today to reporters, many of whom were old acquaintances and friends. Last summer he worked for the City News Bureau.

It was again rumored today that Mrs. Lambert, mother of the girl who met her death by poison in the Lake Forest woods, was working to free young Orpet. She was too ill to see reporters, but a message to them indicated that she did not blame the

university student for the actual poisoning.

GERMANY USES NEW TYPE OF SUBMARINE MONITOR

London, Feb. 15.—New submarine monsters, veritable floating forts, will be used by Germans when they launch their campaign against armed merchantment 2 weeks from tomorrow.

They will resemble original American monitors, excepting that they will possess power of submergence.

London.—Germans preparing for still greater offensive blow in Champagne, designed to hurl back French on 15 mile front from Challerange railway.

Rome.—6 killed, several wounded when Italian town of Schio was bombarded by Austrian aeroplane,
